

11-17-18

PHOA ANNUAL PICNIC

Well attended with approximately 30 in attendance. Weather was a bit cool, but clear and nice.

1. Deputy Dean Crump gave an excellent presentation on neighborhood safety. It included an overview of crime activities maps available on the LCSO website. Also invited us to form a Crime Watch group, which will include the no-charge installation of a street sign at our entrance. Provided info on the non-emergency number of 850-606-5800: CDA consolidate dispatch center. Invited residents to take part in the Citizens Academy and in their Ride Along program.
2. Dennis Peloso: financial overview. No dues for 2019. Brief discussion of whole house generators. Not much interested expressed, at this time. Dennis will contact the City regarding an upgrade to LED of our nine streetlights. If financially viable, we'll pursue.
3. Kyle Herman: Update on natural gas availability from the City of Tallahassee. Lot's of interest. We'll pursue with the city after gathering the required 80% petition support. Interest also expressed in sewer hookup if available. This will be investigated with the city.
4. Larry James: Nextdoor social media platform overview. Info is on our PHOA website.
5. Sandy Green won the \$30 Amazon gift card door prize.

Meeting adjourned after about 90 minutes.
